Subject: Create a balanced cleanup plan

I want to make sure the river cleanup is good for the environment and jobs.

I want to see the EPA support a clean river. But I also want to see the EPA support a strong Portland economy. A strong economy relies heavily on the blue-collar jobs that exist on the Willamette River.

Thank you for allowing me to weigh in on this important process. Please make sure the cleanup is good for our environment and our economy.

Sincerely,
